Student Circular for SRF 2011, April 12, 2011

The SRF-2011 Local Organizing Committee strongly encourages interested students to attend the 15th International Conference on RF Superconductivity to be held at the Sheraton Chicago Hotel & Towers in Chicago, Illinois, U.S.A. on July 25-29, 2011. In addition to the conference program covering the latest developments in the science and technology of superconducting RF, a series of tutorial sessions will be held at the Advanced Photon Source Conference Center at Argonne National Laboratory, Argonne, Illinois on July 20-23, 2011. The tutorials will provide introductory overview lectures on all aspects of SRF science and technology. Speakers have been chosen for both their technical expertise and suitability to present a lively and interesting lecture. For more information please visit the SRF web site.

Student Poster Session

There will be a special student poster session on Sunday, July 24 from 4-6 pm and a prize awarded on Thursday, July 28 for the most outstanding contribution. We would also like the winning student to prepare a 5-10 minute presentation on his or her topic for the Thursday awards ceremony. Note, student posters will also be presented during the week of the conference during the usual poster presentation periods. *Please indicate your interest in the student poster session by checking the box during registration on the conference web page.*

Tutorial and Registration Costs

The SRF-2011 Local Organizing Committee would like to offer students the opportunity to receive partial support for the costs to attend SRF-2011.

Requests for support should be sent to SRF_studentsupport@anl.gov

Please provide the following information in the email:

Student Name

Address

Level(Undergraduate, Graduate, Ph.D.)

Brief explanation of need for support

Requested financial support from the SRF conference

Attachment: Electronic copy of letter of support from advisor, department or institution

Priority for support will go to students based on recommendations received, the level of support requested, and the need as evaluated by the organizing committee. Note that funding for air fare can only be provided if travel arrangements are made directly through the conference.

Funds are limited so please apply before the deadline of May 7, 2011. Those receiving support will be notified by May 15, 2011. Note that if students are selected for support the conference will rebate any late registration fee, however, please register as early as possible to ensure that requests and refunds can be handled in a timely manner.

All students may request a full refund of the \$150 tutorial fee.

Low cost lodging options for students

The Hostel Chicago listed on the SRF-2011 website is located 1.7 miles south of the conference. At a rate of ~\$35 per night this looks to be an excellent low cost option. For a lower cost lodging option during the tutorials at Argonne contact Jen Sievwright at the address below.

Be assured that we highly value student attendance at SRF-2011, and we look forward to welcoming you to Chicago in July, 2011. Please feel free to contact the conference secretary, Jen Sievwright if you have any questions. Jen can be reached at (630) 252-6270 or seivwright@anl.gov

Sincerely,

Michael Kelly, Conference Co-Chairman
